River Consulting Names Tim Harvey Director – Material Storage and Handling Systems

COLUMBUS, Ohio – Tim Harvey has been appointed as Director – Material Storage and Handling Systems for River Consulting, a Management, Consulting and Engineering company headquartered in Columbus, Ohio. River is recognized by *Engineering News-Record* as a Top 500 firm and by ZweigWhite as one of the fastest growing A/E firms in North America.

Mr. Harvey has more than 30 years of cement and bulk material experience and has been with River for more than a decade. He has designed hundreds of concrete silos and storage projects throughout his career. He recently led the engineering for the 100,000-ton capacity Houston Cement silos, which stand 186 feet tall and move 1.5 million mtpy. In his new role, Mr. Harvey will lead the silo design practice, as well as provide knowledge and guidance to the structural engineering staff on material handling and storage projects.

Mr. Harvey holds a master's and bachelor's in civil engineering from The Ohio State University and is a registered Professional Engineer in 19 states. He is a member of Tau Beta Pi, Chi Epsilon, the American Concrete Institute, and the American Society of Engineers. He has also served as an adjunct professor at The Ohio State University for structural analysis and design in the civil engineering and architectural departments from 1981 to 1996.

River delivers Management, Consulting and Engineering to diverse Clients and industries throughout the world. The company's experience spans 27 years, six continents, and 57 countries. Offices include Columbus, Ohio; New Orleans, La.; Pittsburgh, Pa.; Houston, Texas; Salt Lake City, Utah; and Edison, N.J. Visit riverconsulting.com for more information.
